

Info re TBSO Winter Fruit (& Cheese) Sale

Specials

Every person who buys something from our February Fruit and Cheese Sale, will receive a **2-for-1 Symphony concert voucher** at pick-up. They are redeemable at the Auditorium Box Office for a selection of concerts, listed on the back of the voucher. Value – up to \$36. Use the voucher and you can debate with yourself, whether you got the fruit and cheese for nothing or the Concert ticket!

Buyers who order a **full case of any 1 fruit variety (40 pounds) will receive a \$10 discount.** (\$50 vs. \$60.) This applies to lines B to H on the order form. ¼ cases from various lines cannot be combined to make up a full case, for this discount.

Clementine Oranges – are a citrus fruit. They are a small Mandarin orange that we are bringing in, from California, if available. The growers market them as ‘**California Cuties**’. They are packed, often, in a wood box with a net top. They are seedless, easy-to-peel, and intensely sweet. About 28-30 per box.

Temple Oranges – These are the traditional Juicing orange that we have sold since 1974. They have seeds, peel easily. Many people like to eat them, rather than juice them. Orders for this fruit are subject to availability. We may have to substitute if the quantities and quality that we order is not available.

Grapefruit – We are bringing in **both** our traditional **Florida ‘pink’** (yellow-skinned) variety and the **Texas Ruby-Red** variety, which is usually a bit sweeter, according to our buyers.

The **Apples** will be from B.C. You can count on good quality as these will be from CA (controlled atmosphere) buildings where they are stored to keep them as fresh as they were when they were picked.

The Marble, Medium and Old (yellow) Cheddar Cheeses are the world champion (twice) Armstrong Cheeses. Lower-fat medium and old yellow Cheddar packages will be available, at pick-up.

The **2-yr. (extra-old) & 5-yr. White Cheddars** are made by the Ontario Bright cheese plant in Woodstock. They are only repackaged to the size we request by Jennard Cheese Co. in Southern Ontario. Our connoisseurs have compared this Cheddar to many others. The consensus is that this Cheddar is the best!

Bright’s Bites, the snacks that we call ‘**Cheddar Bars**’ usually come in a special box, containing 25 marble and 25 Medium packages.(20g-23g). It is possible to order 50, all-Marble, all-Medium and even all-Old. Request it!

The **Parmesan** is an Ontario product (grated – 500g – in a bag), probably, the Salerno brand, made in Hamilton. It can be frozen, if necessary, or simply stored in the fridge. It keeps well, even at room temperature.

The **Premium Mozzarella** is the same Mozzarellissima – Canadian and World Champion - product that we sold in the fall. It is made (in Canada, I believe) by the Saputo company.

Extras available at pickup will include several kinds of local Thunder Oak Gouda cheese, mini-Provolones, Agropur Havarti – 3 varieties, Ontario Maple Syrup, some honey, our volunteers’ homemade preserves, etc. etc.

Note: In spite of the orders ‘Due date’ being Feb. 10, it is never actually too late to place an order.

Call **Johan Terpstra at 345-5238** to place an order.
